EDUCATION

University of Florida

Bachelor of Science in Computer Science

- GPA: 4.0/4.0
- Relevant Coursework: Programming Fundamentals 1 & 2, Discrete Structures

Gainesville, FL

Aug. 2024 – May 2028

WORK EXPERIENCE

Mobile Developer

Courselynx

Feb 2025 – Present

Remote

- Developing a cross-platform mobile application using **React Native** and **TypeScript** to enhance student collaboration and academic networking.
- Building an interactive chat system that allows users to exchange messages, share images, videos, and other media, integrating real-time updates and notifications.
- Implementing search functionality within the chat to enable efficient retrieval of past messages, media, and key discussions.

Dental Sterilization Technician

Smiles By Amy

May 2023 – Aug 2023

St. Petersburg, FL

- Collaborated effectively with a team of **5** to ensure a seamless workflow in a fast-paced environment.
- Managed the cleaning and sterilization of medical tools, demonstrating meticulous attention to detail and adherence to health and safety protocols.
- Reduced errors in tool preparation by approximately **10%** by ensuring proper equipment was available for each procedure.

PROJECTS

HealthConnect | *Python, Flask, React, HTML, CSS, JavaScript*

- Developed a web application connecting healthcare professionals with high school medical program students.
- Implemented features for professionals to post volunteer opportunities and certifications.
- Designed an intuitive interface for students to browse and apply for opportunities.

Budgify | *Python, JavaScript, HTML, CSS*

- Created a financial assistant app with dynamic data handling and chatbot integration.
- Implemented Python backend and interactive data visualizations.
- Incorporated user authentication to ensure secure access and personalized features.

ACTIVITIES

Software Engineer Club | *Workshop Lead*

Aug 2024 – Present

- Led a workshop on **Splunk**, teaching students how to analyze and visualize machine data.
- Enhanced web development skills through the **Clubfinity program**, building a YouTube mock-up to practice frontend development and responsive design.

Boca Ciega Soccer Team Captain | *Leadership*

Oct 2023 – Feb 2024

- Led a team of **18** during each practice and game, warming up and helping the players understand the coach's tactics.
